

# MURRAYFIELD STATION – BRUNY ISLAND

## Perennial Pasture Management Field Day

**Perennial Pasture Management Field Day**  
**Friday 1 February, 2013 - 10.30am to 3.30pm**  
**Murrayfield Station, Bruny Island**

**Soil biologist Joel Williams and technical specialist in grazing systems Phil Graham will be presenting information on pasture management at Bruny Island's Murrayfield Station.**

Topics will include:

- Managing undesirable perennial pasture species.
- More efficient fertiliser use.
- Managing stock rotation to promote pasture production.
- Planning for climate change through more resilient pastures.
- Carbon sequestration.
- Promoting winter growth.

Getting there: Catch the 9.30am ferry from Kettering to Bruny Island.

For more information please contact Bruce Michael at Murrayfield Station on 0427 606 201 or Holly Hansen, NRM South, on 0428 259 156.

**Please RSVP** by Tuesday 29 January to [admin@nrmsouth.org.au](mailto:admin@nrmsouth.org.au) for catering purposes. Morning tea and lunch will be provided.

This free workshop is funded by NRM South through the Australian Government's Caring for our Country Program.
